

Our favourite learning, what the children say...

I liked in science when we were thinking about ways to stay hot and cold

Paige

I have enjoyed writing about the Simpsons in literacy

Abbigale

I liked reading scales in maths. The capacity!

Matisse

I enjoyed history looking at the gas masks

James

We are looking forward to: When we do our own class assembly.

Reminders: PE is on Fridays. **Ear-rings should be taken out and left at home on PE days.**

Homework and spelling books due in on a Wednesday.

Photographs of our learning:

In PE we have been working on our balances and counter balances. These pictures were taken by the children.

This Week's Reporter is Alissa

On Monday 7th November we went on a visit to Streetfield Middle School. First of all the two classes that are Willow and Elm got together and got on the coach. After that we arrived at Streetfield and we were split into three groups. My group started at Science and we used vinegar and baking powder to make a balloon rise that was on top of the bottle. Next we went to the gym and we a lot of fun. The first thing we had to do was warm up and then we did some hurdles. At the end we had to either stand up and then sit down or do five star jumps and then run back. Finally we went to cooking and we made calzone pizzas. They were filled with mashed tomatoes, spring onions, cheddar cheese and mozzarella cheese. After that we were ready to go back to school or so we thought. We had to wait because the coach driver was asleep! We had to stand outside for quite a while but soon he woke up and we came back to school.

In maths we have done lots of measuring of mass, capacity and length.

My favourite learning in Elm Class.

Sophie, Ellie and Leah

We have enjoyed numeracy this week because we have been collecting data and creating bar charts to represent it.

Jonathan and Maddie

We have enjoyed our D & T lessons because we are making photograph frames from our own designs.

Emily

I am enjoying PE because we are doing gym this half term.

Tyler, Annika and Nathan

We love our history lessons because we have been learning about the Blitz and rationing in WW2.

The reporter for Elm class this week is Carter

On Monday 7th November the year 4's went to Streetfield Middle School for the morning. We went on a coach and chose a partner to sit next to.

When we arrived we were put into groups. First, my group had PE. It was different activities linked to the World Cup.

Then we did some cooking, we made pasties and it was really fun. They took 20 minutes to cook so we had to collect them at the end of the morning.

Last we went to the science room. We did an experiment where we put bicarbonate of soda and vinegar into a test tube and it blew up a balloon .

We all enjoyed our morning.

Holly Class

We have been working together to prepare our Class Assembly. It is about Remembrance and why we wear a Poppy on Remembrance Day.

I like coming to school because it's fun. I enjoy maths the best because it's more interesting.

Charlotte

I like school because I like doing lots of work in science and its fun."

David
